

Sportscar GT3 Cup Taxi Ride Experience!!!

You have watched it on TV and may even be thrilled by live on-track action, but nothing comes close to experiencing the formidable skill and astounding speed of race driving for real.

Now you have the unique opportunity to feel your heart pounding when a pro driver speeds up and navigates you through the sharp bends of Zhuhai with the powerful ART Porsche 997 GT3 Cup (ex-Porsche Carrera Cup Asia).

If a sportscar thrilling is not enough for you, if you want to try both (Formula car and Porsche), Asia Racing Team has the package for you – the ultimate Two-in-One Experience!

"HOP IN AND ENJOY THE RIDE!"

Be it on a package for a group of friends, a day out of the office on a corporate track activity, a treat for your valued clients, or scouring for a unique birthday present, we at ART are prepared to tailor-make a package that would suit your outdoor thrill requirement.
